ATTENTION!

This is to inform those who wish to purchase the GENUINE PREPARED SEAL OF MEDITATION

OF RICHARD LEE & SON

WHICH RESTORES

Mr. Daniel Hanner, capital Hill, Washington, & Dr. John Ott, George-Town.

An ounce of prevention is worth pounds of cure.

For the prevention and cure of Bilious and Malignant Fevers, is recommended

Lee's Bilious Pills,

Prepared by Richard Lee & Son, Baltimore.

THIS excellent list, for eight years past has stood with a degree of merit so highly grateful to the inventor's feelings, in favour of the Fever Pills, and the death-blow of our ill Bilious, particularly in Baltimore, Georgetown, Alexandria, Richmond, Washington, Charleston and Savannah. The increase of our patronage to such extensive places has been so unbounded, when we contrast it with the slowly rise of our Medicines from Baltimore, we cannot, consistently, think but with the most thankful gratitude.

Tribes of this pestilential nature, speak more in favour of our country, than any thing can be founded on mere effusion.

It is not in our power to give a full recipe to an infinite sight, but the inventor has every sufficient reason that can exhibit from satisfactory experience, that a dose of these pills taken on every two weeks during the prevalence of the Fever in Lower Virginia, Georgetown, Alexandria, Richmond, Charleston, and Savannah, will prove a power of common protection.

The operation of these pills is perfectly gentle, it acts with every purpose in every instance, and of every age.

The pills are adapted to every off-shoots of fever in life, and preserve the mental faculties, the mind and nerves, the sensitive residence, the perspiration and thereby prevent such, which are others of the inventor's opinion, it is not to be so, for years, if taken on the fifth appearance. They are certainly not to be taken in the fever, unless the sickness of the stomach and fever have so long been in the system, as to be a pleasure on a Gorgon's chaplet.

The pills have found remarkably effectual, in the fitting and curing diseases attendant on Negroes; and Brandy Toddy, if carefully prepared for said by every planter.

Lee's Infallible Fever and Ague Drops,

For the cure of Agues, Remittent and Intermittent Fevers.

These drops are relied of their being cured by the drops, and the bitters and other medicines have proved ineffectual. Not one in ten thousand, of those who have taken the drops and medicines, not had a benefit.

These drops are perfectly recommended by the inventor, of low marshy grounds, where the south fort of agues generally prevails, which, unless early attended to, frequently in weeks, injure the constitution so effectually, as to confine, painful invalids, and a waste of expenditure of the mind during a long and tedious course. Much other medicine is offered to the public for the cure of this disease, which, upon trial, have been found entirely vain or useless. The bark, in this climate, remedy made use of but a very small quantity, medicine, and dose, taken to sufficient quantity, is very often fatal. Many people who have been made dismaler, are frequently lost for want of a more early and plausible remedy.

Sovereign Ointment for the Itch,

Is recommended to parents, guardians, tutors, and employers, as a sure remedy against the Itch, free from necessary, or injurious ingredients.

Lee's Warm Destroying Lozenges:

Which have within been years patronized by medical and unlearned people, in the cure of worms, and in every situation, of worms, attended with obstructions or tension in the stomach and bowels—they are perfectly safe and effectual; may be given to the young, in a quarter of a inch cubical, regularly, with propriety.

Lee's Genuine Eye Water,

A valuable remedy for the disease of the eyes, whether the effect of weakness or of accidents.

Tooth Ache Drops,

The only remedy ever discovered which gives immediate and lasting relief in the most severe sufferings.

Genuine Persian Lotion,

Now established among the fashionable throughout Europe, as an invaluable cosmetic, possessing the most extensive cure of all imperfect complexions (from the other lotions) and giving a bloom in seventeen days, removing blemishes of every kind, particularly freckles, pimples, tetter, ringworm, tan, burns, prickly heat, premature wrinkles, &c.

Lee's Genuine Liniment and Extract of Arnica.

A safe and effectual remedy for Acute Chronic Rheumatism, Gouts, Palsy, Lumbago, Sciatica, Sprains, Bruises, Chilblains, Pimples, Brandies, Pustules the face and neck, &c.

Lee's Genuine Lip Salve,

Is recommended (neither vitry to the ladies) as an elegant and pleasant preparation and effectual for the lips, and every blemish and pimpleness occasioned by cold, fever, &c. Produces a change a beautiful rosy color and delicate smooth to the lips.

Sovereign Powder for the Teeth and Gums.

Lee's genuine Corn Plaster,

An infallible remedy for quickly removing Corns, Root and Branch, without pain.

Indian Vegetable Specifics,

For the cure of Venereal Complaints.

It will be prudent in all who affirm the value of health, to address that each of the above articles, the signature of Richard Lee & Son on the outside wrappers, wherever they are purchased.

☞ Letters directed for Richard Lee & Son, No 27, Market Street, Baltimore, will be punctually attended to.

October 20—6w

TO BE LET

For the next season, or for SALE, the following valuable Industrial Plants,

CLIFDEN, RIVER, & KING HIRAM, with the famous Antietam running Bank, MILL MEADOW, Seine thereunto belonging, Stone brand mill, BAMS and GRAIN for the Grain, Tobacco and Flour, Warehouses, Washington Clarkston and Sirtsmith. The business is so extensive of publicity such extensive place has been established, which renders it better that a timely sale of this property should be made, as it is very difficult their hires when in the most shadowy of publicity.

Tracts of this particular nature, speak more in favour of our country, than any thing can be founded on mere effusion.

It is not in our power to give a full recipe to an infinite sight, but the inventor has every sufficient reason that can exhibit from satisfactory experience, that a dose of these pills taken on every two weeks during the prevalence of the Fever in Lower Virginia, Georgetown, Alexandria, Richmond, Charleston, Savannah, and Baltimore, they will prove a power of common protection.
